Thanks for sharing, this is a fantastic blog post . . .  
d868ddde6e . . .com/stories/3066261-install-radiologia-  
dental-haring-jansen-pdf-31bfdcm 8 I have one question:  
The article says that there are two versions, the "old" and  
the "new" version, and that the "new" version cannot be  
run without the "old" one. But there is no built-in version  
in the "old" version. How is it explained on the site? What  
is the "old" version? Is this the same version as the "new"  
version? Is there any difference between the "new"  
version? If there is any difference in version, then what is  
that difference? Is there anything else I missed in this  
regard? Thank you in advance!
