ESET smart security 7 can support the applications and all major software providers which are installed on your computer. Also, ESET smart security 7 is the ideal choice for business, organization and home users. The advantage of the ESET NOD32 antivirus is its ability to scan files at multiple locations simultaneously. It can scan files, compressed files and ISO files at their original location in a very short time. ESET smart security 7 includes the out-of-the-box built-in Defender and the third-party provided malware detection engine. ESET NOD32 products come with standard definition of anti-malware scan engines in comparison to paid antivirus products. The standard definition of the antivirus scan engines or defense enhances the security of antivirus products with better features and benefits.
