Please read our Privacy Policy here HIARCS Chess Explorer Pro's powerful chess opening book is the most massive database in the world, and with the new HCE Pro 1.1 it is even more than ever. The current standard opening book contains 21,000,000 moves, increasing to 32,000,000 in the upcoming HCE Pro 2.0. It's also worth mentioning the complete opening repertoire of Vishy Anand. His all time favourite openings are in this new chess opening book which provides everything he needs to play the best and get a basic understanding of modern chess. We must admit that the players are very demanding with their changes and his repertoire has been constantly improving over the years. This is why the next version of the chess opening book will continue to bring his repertoire up to date. We cannot even recall the last time that a new chess opening book was released.
